

# Georgia Family Connection Partnership Outcome Map

Funds | Data tools & products | Evaluation & measurement systems | Experienced staff & consultants | Peer support | Disciplined model of collaboration | Equity framework | Brand & reputation | Strategic communications

Resources

GaFCP Strategies

Short-term outcomes

Intermediate-term outcomes

Long-term outcomes

Goals

**Support County Collaborative Network**  
GaFCP supports county collaboratives' local action and linkages to regional and state efforts by:

- Providing technical assistance and training
- Offering mentoring and coaching
- Sharing data and tools
- Providing professional development and peer support
- Enhancing communications
- Convening and linking collaboratives

So that...

Investments in collaboratives are maintained and strengthened

County collaboratives' relationships, infrastructure and processes are maintained and strengthened

So that...

Collaboratives are vital, accountable and sufficiently resourced

Collaboratives expand effective strategies

So that...

Collaboratives implement effective county-level strategies that are responsive to community needs

**Promote Informed Decision-Making Through Data, Evaluation & Research**  
GaFCP informs county collaboratives, partners, decision-makers and the public by:

- Providing technical assistance and training
- Collecting, compiling, and interpreting data
- Conducting research and evaluation
- Developing relevant, practical, and applicable tools
- Promoting data-informed messages and solutions

So that...

All audiences have increased access to credible, useable data, including disaggregated data, to track outcomes and disparities

So that...

All audiences have increased knowledge about conditions for children and families in Georgia, and implement effective practices to address their needs, promote their success, and reduce disparities

So that...

All audiences rely on data, evaluation findings, and research to set priorities, align work and allocate resources

**Develop, Maintain & Expand Partnerships**  
GaFCP builds and expands partnerships by:

- Providing technical assistance and training
- Identifying strategic partners
- Brokering and strengthening relationships
- Informing and influencing priorities and investments
- Engaging in joint funding and implementation
- Communicating GaFCP's unique vantage point
- Sharing collaborative efforts and results

So that...

Statewide and local partners understand GaFCP's vision and value GaFCP's model of collaboration

So that...

Statewide and local partners better understand opportunities for greater alignment and partnership

So that...

Statewide and local partners engage in partnership for collective action around outcomes for children and families

So that...

Partners strengthen and leverage collective efforts

Partners increase investment in child and family results

So that...

Linkages between statewide and local work are increased

Resources directed to local and statewide initiatives are increased

So that...

The county collaborative network is sustained and effective

Policies and practices are improved to support results for all of Georgia's children and families

Child and family outcomes are improved and disparities in communities and regions across Georgia are reduced

So there are...

Healthy children

Children primed for school

Children succeeding in school

Self-sufficient and productive families

Thriving communities

We believe in: Power of connection | Potential of all Georgians | Accountability | Local decision making | Working together
